
THE NORTH CAROLINA SILVER STAR MERCURY REDUCTION PLEDGE

Because elemental mercury and mercury compounds are known to be hazardous to human health and the environment,

(business name)

hereby pledges to be a Silver Star and work to reduce mercury in the environment through:

- ★ Discontinuing the purchase and sales of mercury-containing equipment and products where equivalent, non-hazardous alternatives are available;
- ★ Replacing existing mercury devices with non-hazardous devices whenever possible;
- ★ Properly managing mercury-containing wastes by collecting them for proper disposal – preferably recycling – and avoiding incineration; and
- ★ Educating employees about sources of mercury and proper mercury management practices.

★ BE A SILVER STAR! ★
